January-December
Vol. 37, Nos. 1-12

FOR CONSULTING ENGINEERS, MECHANICAL (HEATING, PIPING & AIR CONDITIONING) CONTRACTORS, AND ENGINEERS WITH PLANTS AND BIG BUILDINGS

# 1965 VOLUME INDEX

# HEATING PIPING & AIR CONDITIONING

Air Conditioning 3
Heating 8
Piping 12
Commercial Buildings 14
Industrial Buildings 14
Institutional & Public Buildings 15
Transportation 15
HPAC Data Sheets 15
HPAC Engineering Data Files 16
HPAC Legal Pages 16
Author Index 16

THE VOLUME INDEX lists the feature editorial material appearing in Heating, Piping & Air Conditioning, and also items from the Open for Discussion, Question of the Month, and You'll Want To Know departments of the magazine. This material is indexed by type of system (heating, piping, or air conditioning), by type of construction (commercial, industrial, or institutional and public buildings, or transportation), and by author. In addition, HPAC Data Sheets, HPAC Engineering Data Files, and HPAC Legal Pages are indexed separately.

A month and page number that appears in italics in the index refers to comments on the indexed article. These comments appeared in the Open for Discussion pages.

Heating, Piping & Air Conditioning is published monthly by Keeney Div., Reinhold Publishing Corp., 10 S. LaSalle St., Chicago, Illinois 60603.

A REINHOLD PUBLICATION

# SUBJECT INDEX

## AIR CONDITIONING

### GENERAL

A Guide to Engineering Design, by C. B. Bernstrom, P. E. .....February 107
A Heat Pump Test Facility .....April 44
AACC Features Many-Sided Program on Contamination Control ....August 128
ADC Lab Certification Backstops Test Code, by Ralph G. Nevins ....March 108
ARI Condemns "Hp" Unitary Ratings .....August 46
ARI Elects VP, Board Members ..June 46
ASEE Reports on Goals of Engineering Education at Undergraduate, Graduate Level .....December 44
ASHRAE Installs James W. May as President for 1965-66 .....August 48
ASHRAE Meeting To Be Held at Houston .....December 46
ASHRAE Presents Awards During 72nd Annual Meeting at Portland .....September 36
ASHRAE Transactions Now in Two Parts .....August 44
After a Flood, by Samuel R. Lewis .....May 90
Air Cleaner Testing, Dehumidification Probed at ASHRAE Meeting ..April 41
Air Condition 52 Story Space Vehicle Building with 10,000 Tons of Refrigeration .....October 44
Air Conditioning, Heating, Refrigeration Exposition Will Be Held at Louisville .....October 46
Air Conditioning Show Held at Tokyo, Japan .....September 274
Air-Cooled Condensers — Where, Why, How To Use Them, by Warren Viessman, P. E. .....May 121; *July 78; November 84*
Air Pollution from Combustion, Sampling Techniques on Agenda of APCA Meeting .....June 44
Air Pollution Grants Awarded to 13 Agencies .....March 46
Air Pollution Grants Awarded to 14 Agencies .....May 50
Air Pollution Grants Awarded to 19 Agencies .....June 40
Airborne Contaminants, Exhaust Systems To Be Covered at Ventilation Conference .....March 48
American Insurance Association Formed .....March 42
Ask Exemption from Foreign Agents Act .....April 44
Attests to Need for Micrometeorological Study (Open for Discussion), by James A. Fife .....*July* 78
Balanced Port Expansion Valve Stops Low Load Liquid Hammer, by Alfred D. Sullivan .....May 129
Believes Scientific Knowledge, Social Factors Must Be Combined To Fight Air Pollution .....November 54
Big Government = Big Heating and Cooling .....August 112
Breathing Walls for Air Starved Plants, by H. P. Kaulfuss .....March 105; *May 87; July 84*
Building Contractor Failures Reported .....August 46
Building Product Selection Objectives Outlined at PC Meeting ..November 47
CEAC Elects O'Meara President .....March 46
CEC Elects New Officers .....May 251
CEC Hears How BuDocks Uses Value Engineering in Construction ..August 43
CEC Membership Directory for '65-66 .....December 176
Cell Removes Carbon Dioxide from Air in Enclosed Areas .....May 52
Central Heating-Cooling Plant Serves Commercial Development Area .....March 208
Chilled Water Utility Serves New City, by Alan A. Smith, P.E. .....August 89
Choose All-Electric System for Cincinnati Office Building .....May 43
Choose Dual Duct System To Serve Office Building with Glass Curtain Walls, by F. G. Chaumont February 102
Cite Engineering Curricula To Meet Need for More Trained Technicians .....February 42
Classroom Conditioning — Compare Costs for 7 Systems, by Maurice J. Wilson .....January 176
Cleaner Air Week Will Be October 24-30 .....September 274
Committee Formed To Evaluate Mechanical Sections of South Florida Bldg. Code .....March 40
Committee Regulates Industrial Ad Content .....March 42
Compressor Starting Dims Lights, by Alfred D. Sullivan .....January 162
Computer Control for Environmental Systems, by Paul A. Schumann .....August 93
Conditioned Iowa Hospital Compared with Michigan Jobs (Open for Discussion), by Anton Krapek .....*April 84*
Conference Explores Man's Environment .....April 46
Conference Stimulates Interest in Systems Design by Computer ..December 43
Contractors Secure Protection In Dealing with Suppliers, by Herbert Kreisman .....January 166; *February* 57
Control Buildings' Systems from One Point .....February 40
Controlling Man's Environment in Space Will Keynote ASHRAE's 72nd Annual Meeting .....June 44
Cornell Offers Coordinated Program of Continuing Education For Engineers .....December 273
Dedicate IGT's Total Energy Building .....December 46
Define Your Assignment, by C. B. Bernstrom, P.E. .....March 124
Desalination, Air Pollution Will Be Covered at American Power Conference .....April 48
Directory of Engineering Societies, Associations, Institutes .....May 145
Discuss Industrial Environment, Air Pollution Control at Hygiene Meeting .....January 58
DOD Cites Heat Pump Instruction as "Moratorium" on Procurement .....July 250
Does Ventilating Ceiling Transmit Sound Between Adjacent Offices? (Open for Discussion), by Hem C. Gupta .....*April 83*
Don't Be Afraid of Computers; Digital Best for HPAC Design (Open for Discussion), by W. F. Stoecker .....*July* 75
Duct Manual for High Velocity Systems .....February 44
Dutch Air Conditioning on Display, by P. J. van der Veen and M. W. de Weyer .....May 97; *July 78*
EJC-Battelle Will Hold Indexing Courses .....March 42
Elaborates on Computer Program Writing Procedure (Open for Discussion), by Marvin W. Ehlers .....*November 82*
Electric Heat Pump Provides Heating, Cooling for 121,500 Sq Ft Plant-Office .....March 46
Electric Heat Pumps — Today and Tomorrow, by Russell Gray .....September 129; *December 82*
Establish Design Criteria, by C. B. Bernstrom, P.E. .....April 118
Examine Workmen's Compensation Laws .....October 44
Field Bending Speeds Piping Installation .....November 101
Finding Cost Feasibility of Onsite Energy Systems .....March 161
Form Int'l Ozone Producers Assn. ..May 46
Former HPAC Board Editor F. Rowley Dies .....May 44
Future Is Theme Of CEC May Convention .....March 44
Graphical Storage Analog Enables Selection of Optimum Building Materials, by Milton Meckler ....December 133
Group Formed To Advance Total Energy .....April 46
Head of Abatement Br., PHS Air Pollution Div. .....September 38
Hess, Arthur, John Haines Form Consulting Engineering Partnership .....June 40
Hospital's New Control Center Includes Telemetering for Mile Distant Satellite, by Charles S. Eckler .....April 89; *July 82; September 96*
How Does Aluminum Stand Up In Air-Cooled Condensers? (Open for

Discussion), by Thomas A. Lowe ..... *July* 80
HPAC Contractors: Use Experts To Help You Make More Money, by Jack Haskett ..... January 157; February 117; March 137; April 120; May 118; June 137; July 127; September 155; October 140; December 131
Hunter, L. N., Is Recipient of ASHRAE's F. Paul Anderson Award ..... March 39
Hygiene Conference To Include Papers on Industrial Heat Exposures, Air Pollution ..... April 50
Industry Optimistic, Predicts Rise In HPAC Installations for 1965 ..... January 55
Installed Value of Unitary Air Conditioners Up ..... July 48
Investigate Applications for Simple Radiation Measuring Instrument ..... May 46
IRC Settles Labor-Management Dispute ..... June 42
Kleinkauf, Henry, of Natkin & Co. Will Lead MCAA in 1965-66 ..June 39
Lack of Leadership Is Basic Cause of Management Obsolescence ....August 50
Look to Architectural Grad Schools for Building Industry's Engineers (Open for Discussion), by J. Raymond Carroll ..... *January* 120
Makeup Air to Help Increase Operating Efficiency of Foundry's Exhaust System ..... July 46
Man's Changing Environment Topic at Northwestern University Symposium ..... January 60
MCCA Celebrates 77 Years, Elects Officers ..... September 32
MCCA Purchase Order Forms: Step Forward for Industry (Open for Discussion), by Lester T. Avery ..... *February* 57
Mechanical Contractors' Pre-Qualification Form ..... September 38
Mechanical System's Weak Link Is Elects Carl Signor President ..August 44 ..... March 131
Naman, I. A., Joins HPAC's Board of Editors ..... February 39
NDHA Reports Higher Steam Sales, Elects Carl Signor President ..August 44
Need Maintenance Contract with Controls Manufacturer? (Open for Discussion), by O. M. Schneider ..... *September* 96
New Scale for Low Temperatures ..... October 46
NFPA Report on Building Fires ..... November 54
N.Y. ASHRAE Presents Scholastic Awards ..... January 66
Onsite Energy for Electrical Power, Heating, Cooling Manufacturing Plant ..... May 232
Penn State To Hold Engineering Seminars ..... May 52
PHCIB To Expand Contractor Program ..... March 42
PHS Awards Air Pollution Grants ..... February 40
Pipe Welding Workshop Is Highlight of UA Instructor Program ..... December 152
Plan New Division; Discuss Training, Certification at ARI Annual Meeting ..... January 64
Plant Engineering, Maintenance Show Will Examine Cost Reductions, Air Conditioning ..... September 40
Poses Temperature Limits for Sectional Head Pressure Control (Open for Discussion), by Dan Kramer ....*July* 78
Pre-Fabricate, Rig Two Stainless Steel Cooling Towers in 26 Days ..... August 46
Prevent Ice Formation on Inflated Structures ..... April 48
Probe Distribution Problems, Selection, Purchasing Influences of Building Products ..... September 32
Professorship Honors Willis H. Carrier ..... May 50
Propose Construction of Federal Buildings ..... June 40
Provide Ambient Extremes for Aeromedical Research, by W. C. Parker ..... March 127
Provide Year 'Round Air Conditioning for Single Story, 11 Acre Mfg. Plant ..... October 48
Puerto Rican Group Asks To Join MCAA ..... May 251
Questions Savings Attributed to High Frequency Lighting (Open for Discussion), by Harold D. Samuels ..... *March* 85
Report Compares 1955, 1964 Mechanical Engineering Enrollments and Degrees ..... December 48
Report on Engineering Manpower in the U.S. ..... September 34
Retail Stores Achieve Economy with Motorized Diffuser Distribution, by A. N. Rogers and W. A. Zumbiel ..... March 96; *May* 88
Roof Mounted Air-Cooled Units Selected To Air Condition Windowless Manufacturing Plant, by John G. Skidmore ..... January 173
Rotary Heat Recovery Unit Is Part of Building's Air Conditioning System ..... April 190
Seek Data on Essentiality of Industrial Air Conditioning for Users' Tax Purposes ..... June 42
Seventeenth International Heating & Air Conditioning Exposition Show Guide ..... January 237
Shipments of Unitary Air Conditioners Continue To Rise, Up in First Quarter of 1965 ..... August 50
Small Hospital Big on Comfort and Economy, by Frank L. Pulley ..... March 91; *April* 84
Solving a Design Problem by Computer .....September 183; *November* 82
Stress Need for Full Cooperation between Industry, Government To Combat Air Pollution .....September 26
Structure and Services Are Mated in Biology Labs, by Norman D. Kurtz, ..... May 114
Study Building Design for Fire System ..... October 48
Study Proposed Rule To Control Emission of Organic Solvents in Los Angeles Area ..... December 50
Supervisory Control Centers: Practical Tools in Plant Operation (Open for Discussion), by Frank L. Pulley ..... *July* 82
Survey Shows Engineering Faculty Salaries Up 11.7 Percent Since 1962 ..... October 46
Survey Shows Engineers' Salaries Increased in Last Two Years ..... February 42
Symbolic Control Seminars at IITRI ..... April 44
The School Construction Systems Development Project — Interim Report ..... September 25
Treatment Foils Bacterial Fouling of New Heat Pump ..... March 134
12th UA Instructor Training Program Opens at Purdue University, Aug. 15 ..... June 46
Twenty-Four Hours in 14 Seconds! ..... October 48
Unitary Air Conditioner Shipments Increased 24 Percent Last Year ..... February 44
Unitary Air Conditioner Shipments Up 24 Percent in First Half of 1965 ..... November 50
Unitary Air Conditioner Shipments, Value of Central Station Systems Up ..... June 42
University of Wisconsin Program Enables Practicing Engineer To Earn Master's Degree ..... March 44
University of Wisconsin To Hold Program on Design of Heating, Air Conditioning Systems .....October 52
Unknown and Unlike Needs Dictate Decentralization of Shopping Center Systems, by Lewis D. Freedland ..... May 133
Use Evaporative and Mechanical Cooling for Textile Mills (Open for Discussion), by Jorge T. Lang ..... *March* 88
Use Helicopters To Install Ventilators ..... May 50
Using Computers in System Design and Control .....May 165; *July* 75
VACCA Celebrates 40th Anniversary ..... January 64
Ventilating Ceilings—New Analytic Tools To Employ in Design, by D. R. Harper .....January 138; *April* 83
Vertical Zoning by Exposure Adds Flexibility to Hotel's Two-Pipe Fan-Coil System .....October 137
Westcott, Ralph, Resigns from Firm ..... October 43
What an Engineer Should Know About Micrometeorology, by Willie Hammer .....May 101; *July* 78
Zoned Air Conditioning for New City Hall ..... September 34

## FUNDAMENTAL

A Guide to Engineering Design, by C. B. Bernstrom, P.E. .....February 107
Add Air Conditioning to Existing Hospital, by Jack W. Barrett ..... October 95
Air Conditioning by the Acre, by Robert G. Ballinger .....July 96
Air Conditioning Problem: Concentric Facades, 80 Percent Glass, by F. F. Stevenson .....July 123; *September* 94
Air-Cooled Condensers—Where, Why, How To Use them, by Warren Viessman, P.E. .....May 121; .....*July* 78; *November* 84
Allegheny Center: District Chilled Water to Stores, Offices, and Homes, by Lewis Smith .....July 118
All-Electric Systems Become Competitive .....December 177
Asks Clarification, More Data on Computer Load Calculation (Open for Discussion), by Milton Meckler .....*October* 79
Attests to Need for Micrometerological Study (Open for Discussion), by James A. Fife .....*July* 78
Chart Converts Actual Gas Flow to Flow at Standard Conditions, by F. Caplan .....March 139
Chilled Water Storage, by Earl Meyers .....March 113; *May* 88
Conference Explores Man's Environment .....April 46
Control Noise of Onsite Energy Plant .....April 122
Corrects Estimate of Savings Obtained from Ponded Roof (Open for Discussion), by John Molnar .....*March* 88
Dehumidify Titan II Silos To Prevent Missile Leaks, by A. Kaufman and S. R. Costanza .....September 107
Design Defense Center Systems for Ultra-Reliability, Precise Control, by John F. Leahy and James A. Fife .... October 110
Design and Performance of Speed In-

creasing Gears for Hermetic Centrifugal Units, by R. E. Rayner, P.E. ....July 110
Determine Effect of Elevation on Adiabatic Air Washer Performance, by F. G. Furse ....December 128
District Cooling Cuts Costs for Expanding College Campus, by E. W. Riehl and A. L. Palmer ....June 124
Does Insulation Pay in Electric Heating?, by A. Eugene Congress, P.E. ....February 97; *June* 77
Enhance Hermetic Motor Reliability in Modern Centrifugal Unit Design, by R. E. Rayner ....December 134
Establish Length Limits for Drain Type Stacks, by James S. McKarns, Robert G. Confer, and Richard S. Brief ....July 107; *September* 90
Evaluate Heat Transmission, by C. B. Bernstrom, P.E. ....August 126
Fight Airborne Infection 5 Ways in Pharmaceutical Lab and Plant, by Nina L. Demuth ..March 117; *June* 85
Filters for Clean Room Service, by James C. Little ....September 142
Finding Building Loads with Computer Assistance, by M. C. Gamze, L. R. Korobkin, S. S. Metti, and S. S. Tarnoff August 106; *November* 79
Finding Cost Feasibility of Onsite Energy Systems ....March 161
Glass and Curtain Wall Office Buildings Use Less Steam than Those of Brick and Masonry ....November 132
Graphical Storage Analog Enables Selection of Optimum Building Materials, by Milton Meckler ..December 133
Guides to Fan Trouble-Shooting, by F. L. Moore ....December 157
Hospital's New Control Center Includes Telemetering for Mile Distant Satellite, by Charles S. Eckler ....April 89; *July 82; September* 96
How Does Aluminum Stand Up in Air-Cooled Condensers? (Open for Discussion), by Thomas A. Lowe ....*July* 80
How Parallel and Series Pumping Pay Off, by Stanley B. Tupper ..January 131
How To Control Refrigerant Condensers, by D. M. Dart, R. E. Cates, and R. B. Miller ....December 145
How To Design Piping for Refrigerant Recirculation, by Dr. Gustav Lorentzen ....June 139; *August* 81
How To Estimate Piping Labor by the Component Method, by A. L. Zinman ....August 104
How To Expedite a Field Survey For System Alterations or Additions, by George C. Stevens ....December 124
How To Select Air Washers, by F. G. Furse ....October 142
How To Select Method of Refrigerant Condensing, by David M. Dart, Robert E. Cates, and Raymond W. Miller ....June 133
Is Your "Closed" Circulating Water System Really Closed?, by Sidney Sussman, PhD ....April 103
Nomograph Determines Friction Loss in Round Ducts, by F. Caplan ....December 141
Poses Temperature Limits for Sectional Head Pressure Control (Open for Discussion), by Dan Kramer ....*July* 78
Pressurization Provides Odor Containment in Flavor Research Labs, by Mario A. Gerola ....November 106
Provide Relief Cooling for Enclosed Truck Docks, by G. B. Walden, Jr., P.E. ....April 101; *December* 80
Reconditioned Ocean Liner Boasts Quality Conditions in Quality Spaces, by John W. Markert ....April 127; *September* 87
Reconditioned Ocean Liner Boasts Quality Conditions in Quality Spaces, by John W. Markert ....May 138
Resourceful Engineering, Heads-up Operation Guarantee Efficient Support of Brewer's Art ....April 112
Says Gas Pump System Analyzed Was Poor Choice, Too Inefficient (Open for Discussion), by W. V. Richards ....*August* 81
Sees Difficulty in Providing Rules for Carryover: Too Many Variables (Open for Discussion), by Donald G. Rich ....*January* 124
Selecting a Frame for "Super" Filters, by James C. Little ....December 149
SMACNA's New High Velocity Duct Manual, by James H. Stiggleman, P.E. ....June 128
The Elements of Failure, by Alfred D. Sullivan ....December 154
Thermal Environment for Schools, by Robert C. Ring ....April 109
Thermal Environment for Schools, by Robert C. Ring ....November 118
Using a Water Table To Visualize Air Flow, by S. Konzo, W. F. Stoecker, F. C. Hayes, and G. W. Burgoyne ....September 138
Using Computers in System Design and Control ....May 165; *July* 75
Ventilating Ceilings — New Analytic Tools To Employ in Design, by D. R. Harper ....January 138
Wants More Information on Air Force Use of Air Cooling (Open for Discussion), by D. M. Dart ....*October* 84
Water vs Air, by Robert E. Boyar ....October 128; *December* 77
What an Engineer Should Know About Micrometeorology, by Willie Hammer ....May 101; *July* 78
What Cooling Coil Fin Materials Do Carryover Test Data Refer To? (Open for Discussion), by D. L. Glaser ....*March* 85
What's New in Hermetic Centrifugal Design—And Why, by R. E. Rayner ....May 110
What You Should Know About Mechanical Power Transmission..January 205
Why, When, How To Recirculate Hospital Air, by Warren Viessman ....June 115

## CLEANING, DUST COLLECTION

AACC Features Many-Sided Program on Contamination Control ....August 128
Air Cleaner Testing, Dehumidification Probed at ASHRAE Meeting....April 41
All-Electric Air Conditioning Serves Canadian Office Building, by O. H. Smith ....September 120
Believes Scientific Knowledge, Social Factors Must Be Combined To Fight Air Pollution ....November 54
Cleaner Air Week Will Be Oct. 24-30 ....September 274
Consider Laboratory Safety Design....November 48
Control of Contamination at Source Is Goal of Industrial Hygiene Engineer ....July 42
Design Defense Center Systems for Ultra-Reliability, Precise Control, by John F. Lealiy and James A. Fife ....October 110
Device Measures Concentration of Suspended Droplets in Gas Stream....September 40
Discuss Industrial Environment, Air Pollution Control at Hygiene Meeting ....January 58
Establish Length Limits for Drain Type Stacks, by James S. McKarns, Robert G. Confer, and Richard S. Brief ....July 107; *September* 90
Fight Airborne Infection 5 Ways in Pharmaceutical Lab and Plant, by Nina L. Demuth ..March 117; *June* 85
Filters for Clean Room Service, by James C. Little ....September 142
Finds Clean Room Testing Article a Valuable Instruction (Open for Discussion), by O. F. Smith ....*November* 86
Guitar Maker Burns Wood Waste To Heat Plant, by Alex J. Weiss ....July 91
Head of Abatement Br., PHS Air Pollution Div. ....September 38
How To Select Air Washers, by F. G. Furse ....October 142
Increasing Mass Flow Aids Ship's Effluent Disposal (Open for Discussion), by R. Peaslee Dumont ....*September* 87
Integrated Refrigeration Systems Satisfy People and Process Needs, by Robert C. Dannenberg ....February 87
Multitesting of Laminar Flow Clean Rooms, by James C. Little ....October 133; *November* 86
Points Out Desirable Extensions of Drain Type Stack Studies (Open for Discussion), by James C. Barrett ....*September* 90
Precision Operations Require 24 Hr Air Conditioning at Electronics Plant, by Roger P. Wilson ....November 141
Pressurization Provides Odor Containment in Flavor Research Labs, by Mario A. Gerola ....November 106
Reconditioned Ocean Liner Boasts Quality Conditions in Quality Spaces, by John W. Markert ....April 127; *September* 87
Rubber Duct Provides Vital Link in Space Vehicle's Cleaning System....July 44
Sampling for Leaks in Ceiling Filters (Open for Discussion), by Robert H. Avery ....*November* 86
Selecting a Frame for "Super" Filters, by James C. Little ....December 149
Small Hospital Big on Comfort and Economy, by Frank L. Pulley ....March 91
Stress Need for Full Cooperation between Industry, Government To Combat Air Pollution ....September 26
Structure and Services Are Mated in Biology Labs, by Norman D. Kurtz, P.E. ....May 114
Suggests New Variation of Drain Type Stack (Open for Discussion), by S. Agnon ....*September* 92
Why, When, How To Recirculate Hospital Air, by Warren Viessman ....June 115

## COOLING

Add Air Conditioning to Existing Hospital, by Jack W. Barrett ....October 95
Air Conditioning by the Acre, by Robert G. Ballinger ....July 96
Air Conditioning Design for a High-Rise Apartment, by Irving Kleinman, P.E. ....February 112
Air Conditioning Problem: Concentric Facades, 80 Percent Glass, by F. F. Stevenson ....July 123; *September* 94
Air-Cooled Condensers—Where, Why, How To Use them, by Warren Viessman, P.E ....May 121; *July 78; November* 84
Allegheny Center: District Chilled

Water to Stores, Offices, and Homes, by Lewis Smith ....July 118
All-Electric Air Conditioning Serves Canadian Office Building, by O. H. Smith ....September 120
All-Electric Systems Become Competitive ....December 177
Analyzes Prevention of Flashing in Refrigerant Recirculation (Open for Discussion), by W. F. Stoecker .... ....*November* 84
Baffled Tanks Required for Chilled Water Storage (Open for Discussion), by David C. Pfeiffer ....*May* 88
Balanced Port Expansion Valve Stops Low Load Liquid Hammer, by Alfred D. Sullivan ....May 129
Ball Valves Serve Main Steam and Branch Lines in Hospital's 40 Bldg. Complex ....November 48
Big Government = Big Heating and Cooling ....August 112
Central Heating-Cooling Plant Serves Commercial Development Area .... ....March 208
Chilled Water Storage, by Earl Meyers ....March 113; *May* 88
Chilled Water Utility Serves New City, by Alan A. Smith, P.E. .... ....August 89
Choice of Joints or Loops Depends on System Pressure, by Theodore K. Bridge ....December 85
Choose All-Electric System for Cincinnati Office Building ....May 43
Choose Dual Duct System To Serve Office Building With Glass Curtain Walls, by F. G. Chaumont February 102
Cites Experience with Heat Pumps; Industry Should Promote Greater Use (Open for Discussion), by Lester T. Avery ....*December* 82
Classroom Conditioning — Compare Costs for 7 Systems, by Maurice J. Wilson ....January 176
Compressor Starting Dims Lights, by Alfred D. Sullivan ....January 162
Computer Control for Environmental Systems, by Paul A. Schumann .... ....August 93
Corrects Estimate of Savings Obtained from Ponded Roof (Open for Discussion), by John Molnar ..*March* 88
Dedicate IGT's Total Energy Building ....December 46
Dehumidify Titan II Silos To Prevent Missile Leaks, by A. Kaufman and S. R. Costanza ....September 107
Department Store Air Conditioning: Gas-Fired Duct Furnaces for Economy; Dry Instrument Air for Reliability ....February 93
Design and Performance of Speed Increasing Gears for Hermetic Centrifugal Units, by R. E. Rayner, P.E. ....July 110
Design Defense Center Systems for Ultra-Reliability, Precise Control, by John F. Leahy and James A. Fife .. ....October 110
Design Dual Duct System To Meet Lab Needs, by D. C. Pfeiffer .... ....October 131
Design Variable Volume Dual Duct Systems for Twin Compact Schools, by Morton Wood, Jr. ....December 104
Determine Effect of Elevation on Adiabatic Air Washer Performance, by F. G. Furse ....December 128
Direct-Fired, Ductless System Heats New Metalworking Plant .... ....September 157
District Cooling Cuts Costs for Expanding College Campus, by E. W. Riehl and A. L. Palmer ....June 124
DOD Cites Heat Pump Instruction as "Moratorium" on Procurements .... ....July 250
Does Insulation Pay in Electric Heating?, by A. Eugene Congress, P.E. ....February 97; *June* 77
Dutch Air Conditioning on Display, by P. J. van der Veen and M. W. de Weyer ....May 97; *July* 78
Electric Heat Pump Provides Heating, Cooling for 121,500 Sq Ft Plant-Office ....March 46
Electric Heat Pumps — Today and Tomorrow, by Russell Gray .... ....September 129; *December* 82
Electric Heating, Cooling Handbook .... ....November 47
Enhance Hermetic Motor Reliability in Modern Centrifugal Unit Design, by R. E. Rayner ....December 134
Field Bending Speeds Piping Installation ....November 101
Fight Airborne Infection 5 Ways in Pharmaceutical Lab and Plant, by Nina L. Demuth ....March 117; *June* 85
Finding Building Loads with Computer Assistance, by M. C. Gamze, L. R. Korobkin, S. S. Metti, and S. S. Tarnoff ....August 106; *November* 79
Finding Cost Feasibility of Onsite Energy Systems ....March 161
Find Food for Thought in Story of Hawaii's First Conditioned School (Open for Discussion), by Lester T. Avery ....*January* 124
Glass and Curtain Wall Office Buildings Use Less Steam than Those of Brick and Masonry ....November 132
Graphical Storage Analog Enables Selection of Optimum Building Materials, by Milton Meckler .... ....December 133
How Parallel and Series Pumping Pay Off, by Stanley B. Tupper ..January 131
How To Control Refrigerant Condensers, by D. M. Dart, R. E. Cates, and R. B. Miller ....December 145
How To Design Piping for Refrigerant Recirculation, by Dr. Gustav Lorentzen .... ....June 139; *August 81; November* 84
How To Select Air Washers, by F. G. Furse ....October 142
How To Select Method of Refrigerant Condensing, by D. M. Dart, R. E. Cates, and R. B. Miller ....June 133
How To Size Refrigerant Condensers, by D. M. Dart, R. E. Cates, and R. B. Miller August 121; *November* 82
Initiate AEC Wood-Plastic Study .... ....December 176
Integrated Lighting-Heating-Cooling System Serves Southern Office Building ....December 254
Integrated Refrigeration Systems Satisfy People and Process Needs, by Robert C. Dannenberg ....February 87
"Let's Talk About Onsite Energy".... ....December 114
Magnetic Traps in Piping Remove Fine Iron Particles from Hot, Chilled Water ....December 48
Mechanical System's Weak Link Is Electrical, by Alfred D. Sullivan .... ....March 131
Must Take Into Account Load at Pull-down Conditions (Open for Discussion), by Dan Kramer ....*November* 82
New Office Building's Dual Duct Air Conditioning Features Unusual Twists, by Robert W. Flanagan ..June 97
Onsite Energy for Electrical Power, Heating, Cooling Manufacturing Plant ....May 232
Precision Operations Require 24 Hr Air Conditioning at Electronics Plant, by Roger P. Wilson .... ....November 141
Pressurization Provides Odor Containment in Flavor Research Labs, by Mario A. Gerola ....November 106
Provide Ambient Extremes for Aeromedical Research, by W. C. Parker .... ....March 127
Provide Relief Cooling for Enclosed Truck Docks, by G. B. Walden, Jr., P.E. ....April 101; *December* 80
Questions Savings Attributed to High Frequency Lighting (Open for Discussion), by Harold D. Samuels .. ....*March* 85
Reconditioned Ocean Liner Boasts Quality Conditions in Quality Spaces, by John W. Markert .... ....April 127; *September* 87
Reconditioned Ocean Liner Boasts Quality Conditions in Quality Spaces, by John W. Markert ..May 138
Resourceful Engineering, Heads-Up Operation Guarantee Efficient Support of Brewer's Art ....April 112
Retail Stores Achieve Economy with Motorized Diffuser Distribution, by A. N. Rogers and W. A. Zumbiel .. ....March 96; *May* 88
Roof Mounted Air-Cooled Units Selected To Air Condition Windowless Manufacturing Plant, by John G. Skidmore ....January 173
Rotary Heat Recovery Unit Is Part of Building's Air Conditioning System ....April 190
Says Gas Pump System Analyzed Was Poor Choice, Too Inefficient (Open for Discussion), by W. V. Richards .... ....*August* 81
Sees Difficulty in Providing Rules for Carryover; Too Many Variables (Open for Discussion), by Donald G. Rich ....*January* 124
Small Hospital Big on Comfort and Economy, by Frank L. Pulley ..March 91
Solving a Design Problem by Computer ....September 183; *November* 82
Steam Fan-Coil Units Heat New Jail, by Anton Krapek ....September 135
Structure and Services Are Mated in Biology Labs, by Norman D. Kurtz, P.E. ....May 114
Suggests Temperature Traverse of Relief-Cooled Truck Docks (Open for Discussion), by W. S. Maxim .... ....*December* 80
Tells of Investigations of Expansion Joint Failures, by W. M. Marcinkowski ....December 86
The Elements of Failure, by Alfred D. Sullivan ....December 154
Thermal Environment for Schools, by Robert C. Ring ....April 109
Thermal Environment for Schools, by Robert C. Ring ....November 118
The School Construction Systems Development Project — Interim Report ....September 25
Treatment Foils Bacterial Fouling of New Heat Pump ....March 134
Unknown and Unlike Needs Dictate Decentralization of Shopping Center Systems, by Lewis D. Freedland .... ....May 133
Use Evaporative and Mechanical Cooling for Textile Mills (Open for Discussion), by Jorge T. Lang .... ....*March* 88
Vertical Zoning by Exposure Adds Flexibility to Hotel's Two-Pipe Fan-Coil System ....October 137
Wants More Information on Air Force Use of Air Cooling (Open for Discussion), by D. M. Dart ....*October* 84
Water over Air; First Cost Saving as Great as That in Operating Cost (Open for Discussion), by Alfred L. Jaros, Jr., ....*December* 77
What Cooling Coil Fin Materials Do Carryover Test Data Refer To? (Open for Discussion), by D. L. Glaser ....*March* 85

What's New in Hermetic Centrifugal Design — And Why, by R. E. Rayner ..... May 110
Wisconsin High School Heats Itself Through First Winter, by Walter Ratai ..... January 150

## DISTRIBUTION, VENTILATION

Add Air Conditioning to Existing Hospital, by Jack W. Barrett ..... October 95
Air Condition 52 Story Space Vehicle Building with 10,000 Tons of Refrigeration ..... October 44
Air Conditioning by the Acre, by Robert C. Ballinger ..... July 96
Air Conditioning Design for a High-Rise Apartment, by Irving Kleinman, P.E. ..... February 112
Air Conditioning Problem: Concentric Facades, 80 Percent Glass, by F. F. Stevenson ..... July 123; *September* 94
All-Electric Air Conditioning Serves Canadian Office Building, by O. H. Smith ..... September 120
All-Electric Systems Become Competitive ..... December 177
Central Heating-Cooling Plant Serves Commercial Development Area ..... March 208
Choose Dual Duct System To Serve Office Building with Glass Curtain Walls, by F. G. Chaumont ..... February 102
Commends Ingenuity in Dutch Air Conditioning (Open for Discussion), by I. A. Naman ..... *July* 78
Consider Laboratory Safety Design ..... November 48
Control of Contamination at Source Is Goal of Industrial Hygiene Engineer ..... July 42
Design Considerations Eased by Laminar Flow Concept (Open for Discussion), by J. L. Brown ..... *February* 58
Design Defense Center Systems for Ultra-Reliability, Precise Control, by John F. Leahy and James A. Fife ..... October 110
Design Dual Duct System To Meet Lab Needs, by D. C. Pfeiffer ..... October 131
Design Variable Volume Dual Duct Systems for Twin Compact Schools, by Morton Wood, Jr. ..... December 104
Determine Effect of Elevation on Adiabatic Air Washer Performance, by F. G. Furse ..... December 128
Direct-Fired, Ductless System Heats New Metalworking Plant ..... September 157
District Cooling Cuts Costs for Expanding College Campus, by E. W. Riehl and A. L. Palmer ..... June 124
Does Ventilating Ceiling Transmit Sound Between Adjacent Offices? (Open for Discussion), by Hem C. Gupta ..... *April* 83
Don't Overlook Clean Benches for Low Cost Cleanliness (Open for Discussion), by W. C. McCrone ..... *February* 58
Dutch Air Conditioning on Display, by P. J. van der Veen and M. W. de Weyer ..... May 97; *July* 78
Electric Heat Pumps — Today and Tomorrow, by Russell Gray ..... September 129; *December* 82
Establish Length Limits for Drain Type Stacks, by James S. McKarns, Robert G. Confer, and Richard S. Brief ..... July 107; *September* 90
Field Bending Speeds Piping Installation ..... November 101
Finds Clean Room Testing Article a Valuable Instruction (Open for Discussion), by O. F. Smith ..... *November* 86
Guides to Fan Trouble-Shooting, by F. L. Moore ..... December 157
Guitar Maker Burns Wood Waste To Heat Plant, by Alex J. Weiss ..... July 91
Increasing Mass Flow Aids Ship's Effluent Disposal (Open for Discussion), by R. Peaslee Dumont ..... *September* 87
Integrated Lighting - Heating - Cooling System Serves Southern Office Building ..... December 254
Makeup Air To Help Increase Operating Efficiency of Foundry's Exhaust System ..... July 46
Multitesting of Laminar Flow Clean Rooms, by James C. Little ..... October 133; *November* 86
New Office Building's Dual Duct Air Conditioning Features Unusual Twists, by Robert W. Flanagan June 97
Nomograph Determines Friction Loss in Round Ducts, by F. Caplan ..... December 141
Onsite Energy for Electrical Power, Heating, Cooling Manufacturing Plant ..... May 232
Pleased To See Growing Use of Wall Coils; Compares Practice (Open for Discussion), by Willard B. Buck ..... *May* 87
Points Out Desirable Extensions of Drain Type Stack Studies (Open for Discussion), by James C. Barrett ..... *September* 90
Precision Operations Require 24 Hr Air Conditioning at Electronics Plant, by Roger P. Wilson ..... November 141
Pressurization Provides Odor Containment in Flavor Research Labs, by Mario A. Gerola ..... November 106
Provide Relief Cooling for Enclosed Truck Docks, by G. B. Walden, Jr. ..... April 101; *December* 80
Provide Year 'Round Air Conditioning for Single Story, 11 Acre Mfg. Plant ..... October 48
Roof Mounted Air-Cooled Units Selected To Air Condition Windowless Manufacturing Plant, by John G. Skidmore ..... January 173
Rubber Duct Provides Vital Link in Space Vehicle's Cleaning System ..... July 44
Sampling for Leaks in Ceiling Filters (Open for Discussion), by Robert H. Avery ..... *November* 86
Simple Charts Aid Ventilation Design, by Norbert Klaucens ..... October 151
SMAGNA's New High Velocity Duct Manual, by James H. Stiggleman, P.E. ..... June 128
Study Proposed Rule To Control Emission of Organic Solvents in Los Angeles Area ..... December 50
Suggests New Variation of Drain Type Stack (Open for Discussion), by S. Agnon ..... *September* 92
Suggests Temperature Traverse of Relief-Cooled Truck Docks (Open for Discussion), by W. S. Maxim ..... *December* 80
Thermal Environment for Schools, by Robert C. Ring ..... November 118
Treat Bank Vault Like Occupied Room; Use Swinging Duct, Vault Door, by S. I. Rottmayer ..... November 89
Unknown and Unlike Needs Dictate Decentralization of Shopping Center Systems, by Lewis D. Freedland ..... May 133
Use Swinging Duct Sections With Main Vault Door, by Weeden B. Nichols ..... November 90
Using a Water Table To Visualize Air Flow, by S. Konzo, W. F. Stoecker, F. C. Hayes, and G. W. Burgoyne ..... September 138
VACCA Elects Officers for 1966 ..... December 176
Vertical Zoning by Exposure Adds Flexibility to Hotel's Two-Pipe Fan-Coil System ..... October 137
Views Motorized Diffuser as Ingenious Substitute (Open for Discussion), by Frederick H. Kohloss ..... *May* 88
Wall Heaters Selected for Too High a Face Velocity? (Open for Discussion), by John H. Clarke ..... *July* 84
Wall Heaters Won't Eliminate Negative Pressure Effects (Open for Discussion), by George M. Hama ..... *August* 82
Wanted: A "Psych" Chart For Clean Room Design (Open For Discussion), by A. Lieberman ..... *February* 60
Water vs Air, by Robert E. Boyar ..... October 128; *December* 77
Why, When, How To Recirculate Hospital Air, by Warren Viessman ..... June 115
Zoned Air Conditioning for New City Hall ..... September 34

## HUMIDIFYING, DEHUMIDIFYING

Air Cleaner Testing, Dehumidification Probed at ASHRAE Meeting ..... April 41
Air Conditioning by the Acre, by Robert G. Ballinger ..... July 96
Classroom Conditioning — Compare Costs for 7 Systems, by Maurice J. Wilson ..... January 176
Dehumidify Titan II Silos To Prevent Missile Leaks, by A. Kaufman and S. R. Costanza ..... September 107
Determine Effect of Elevation on Adiabatic Air Washer Performance, by F. G. Furse ..... December 128
Dutch Air Conditioning on Display, by P. J. van der Veen and M. W. de Weyer ..... May 97; *July* 78
Fight Airborne Infection 5 Ways in Pharmaceutical Lab and Plant, by Nina L. Demuth ..... March 117; *June* 25
How To Select Air Washers, by F. G. Furse ..... October 142
Integrated Refrigeration Systems Satisfy People and Process Needs, by Robert C. Dannenberg ..... February 87
Provide Ambient Extremes for Aeromedical Research, by W. C. Parker ..... March 127
Recommends Double Glazing with High Wintertime Humidities (Open for Discussion), by Warren Viessman ..... *June* 86
Reconditioned Ocean Liner Boasts Quality Conditions in Quality Spaces, by John W. Markert ..... April 127; *September* 87
Reconditioned Ocean Liner Boasts Quality Conditions in Quality Spaces, by John W. Markert ..... May 138
Resourceful Engineering, Heads-Up Operation Guarantee Efficient Support of Brewer's Art ..... April 112
Rotary Heat Recovery Unit Is Part of Building's Air Conditioning System ..... April 190
Sees Difficulty in Providing Rules for Carryover; Too Many Variables (Open for Discussion), by Donald G. Rich ..... *January* 124
Use Evaporative and Mechanical Cooling for Textile Mills (Open for Discussion), by Jorg T. Lang ..... *March* 88
What Cooling Coil Fin Materials Do Carryover Test Data Refer To?

(Open for Discussion), by D. L. Glaser ..... *March* 85
Why, When, How To Recirculate Hospital Air, by Warren Viessman ..June 115
Wisconsin High School Heats Itself Through First Winter, by Walter Ratai ..... January 150

## GENERAL

A Guide to Engineering Design, by C. B. Bernstrom, P.E. ..... February 107
A Heat Pump Test Facility ..... April 44
ADC Lab Certification Backstops Test Code, by Ralph G. Nevins ....March 108
ASEE Reports on Goals of Engineering Education at Undergraduate, Graduate Level ..... December 44
ASHRAE Installs James W. May as President for 1965-66 ..... August 48
ASHRAE Meeting To Be Held at Houston ..... December 46
ASHRAE Presents Awards During 72nd Annual Meeting at Portland ..... September 36
ASHRAE Transactions Now in Two Parts ..... August 44
Add to Underground Gas Storage Capacity ..... July 46
After a Flood, by Samuel R. Lewis .... May 90
Air Conditioning, Heating, Refrigeration Exposition Will Be Held at Louisville ..... October 46
Air Conditioning Problem: Concentric Facades, 80 Percent Glass, by F. F. Stevenson .....July 123; *September 94*
American Insurance Association Formed ..... March 42
Ask Exemption from Foreign Agents Act ..... April 44
Breathing Walls for Air Starved Plants, by H. P. Kaulfuss ..... March 105; *May 87; July 84*
Building Contractor Failures Reported ..... August 46
Building Product Selection Objectives Outlined at PC Meeting ..November 47
Careful Design, Testing Mark New Church's Radiant Panel Heating, by Samuel Ussia, P.E. ..... August 101
CEAC Elects O'Meara President ..... March 46
CEC Elects New Officers ..... May 251
CEC Hears How BuDocks Uses Value Engineering in Construction ..August 43
CEC Membership Directory for '65-66 ..... December 176
Cell Removes Carbon Dioxide from Air in Enclosed Areas ..... May 52
Central Heating-Cooling Plant Serves Commercial Development Area ..... March 208
Choose All-Electric System for Cincinnati Office Building ..... May 43
Choose Dual Duct System To Serve Office Building with Glass Curtain Walls, by F. G. Chaumont ..February 102
Cite Engineering Curricula To Meet Need for More Trained Technicians ..... February 42
Classroom Conditioning — Compare Costs for 7 Systems, by Maurice J. Wilson ..... January 176
Cold Bending Simplifies School's Piping Installation ..... January 336
Committee Formed To Evaluate Mechanical Sections of South Florida Bldg. Code ..... March 40
Committee Regulates Industrial Ad Content ..... March 42
Conference Explores Man's Environment ..... April 46
Conference Stimulates Interest in Systems Design by Computer ..December 43
Contractors Secure Protection in Dealing with Suppliers, by Herbert Kreisman ....January 166; *February 57*
Control Buildings' Systems from One Point ..... February 40
Convert Steam Converter to Hot Water Boiler (Open for Discussion), by F. F. Stevenson ..... *September 94*
Cornell Offers Coordinated Program of Continuing Education for Engineers ..... November 273
Dedicate IGT's Total Energy Building ..... December 46
Define Your Assignment, by C. B. Bernstrom, P.E. ..... March 124
Desalination, Air Pollution Will Be Covered at American Power Conference ..... April 48
Directory of Engineering Societies, Associations, Institutes ..... May 145
Don't Be Afraid of Computers; Digital Best for HPAC Design (Open for Discussion), by W. F. Stoecker ..... *July 75*
Duct Manual for High Velocity Systems ..... February 44
Dutch Air Conditioning on Display, by P. J. van der Veen and M. W. de Weyer ..... May 97; *July 78*
EJC-Battelle Will Hold Indexing Courses ..... March 42
Elaborates on Computer Program Writing Procedure (Open for Discussion), by Marvin W. Ehlers ..... *November 82*
Electric Heat Pump Provides Heating, Cooling for 121,500 Sq Ft Plant-Office ..... March 46
Electric Heat Pumps — Today and Tomorrow, by Russell Gray ..... September 129; *December 82*
Examine Workmen's Compensation Laws ..... October 44
Expresses Concern at Chicago Code's CO Levels for Unvented Makeup Units (Open for Discussion), by George M. Hama ..... *January 126*
Field Bending Speeds Piping Installation ..... November 101
Finding Cost Feasibility of Onsite Energy Systems ..... March 161
Former HPAC Board Editor F. Rowley Dies ..... May 44
Fundamentals of Fuel Oil Firing: Improving Efficiency of Oil Heating, by Alfred A. Abrahams, P.E. ..... March 122; *August 84*
Future Is Theme of CEC May Convention ..... March 44
Group Formed To Advance Total Energy ..... April 46
Hess, Arthur, John Haines Form Consulting Engineering Partnership .... June 40
Hospital's New Control Center Includes Telemetering for Mile Distant Satellite, by Charles S. Eckler .....April 89; *July 82; September 96*
"Hot" Sodium Hydroxide Pinpoints Leaks in Embedded Piping ....May 107
How Controls and Instruments Aid Economic Coal Combustion ....July 41
How NYCHA Maintains Heating Plants Serving Half a Million Persons, by William Reid ..... .....October 116; *November 86*
HPAC Contractors: Use Experts To Help You Make More Money, by Jack Haskett .....January 157; February 117; March 137; April 120; May 118; June 137; July 127; September 155; October 140; December 131
Hunter, L. N., Is Recipient of ASHRAE's F. Paul Anderson Award .... .....March 39
Hygiene Conference To Include Papers on Industrial Heat Exposures, Air Pollution ..... April 50
I=B=R's Hydronic Heating School ..... March 44
I=B=R To Write Electric Hydronic Code ..... September 30
Industry Optimistic, Predicts Rise in HPAC Installation for 1965 ..January 55
Investigate Applications for Simple Radiation Measuring Instrument .... .....May 46
IRC Settles Labor-Management Dispute ..... June 42
Kleinkauf, Henry, of Natkin & Co. Will Lead MCAA in 1965-66 ....June 39
Lack of Leadership Is Basic Cause of Management Obsolescence ....August 50
Look to Architectural Grad Schools for Building Industry's Engineers, by J. Raymond Carroll (Open for Discussion) ..... *January 120*
Looking Back, by F. F. Stevenson .... .....February 110
Man's Changing Environment Topic at Northwestern University Symposium ..... January 60
MCCA Celebrates 77 Years, Elects Officers ..... September 32
MCCA Purchase Order Forms: Step Forward for Industry (Open for Discussion), by Lester T. Avery .... .....*February 57*
Mechanical Contractors' Pre-Qualification Form ..... September 38
Naman, I. A., Joins HPAC's Board of Editors ..... February 39
NDHA Reports Higher Steam Sales, Elects Carl Signor President ..... .....August 44
Need Maintenance Contract with Controls Manufacturer? (Open for Discussion), by O. M. Schneider .....*September 96*
New Scale for Low Temperatures .... .....October 46
New York Amends Law Relating to Heating of Multiple Dwellings (Open for Discussion), by William Reid .....*November 86*
NFPA Report on Building Fires .... .....November 54
N. Y. ASHRAE Presents Scholastic Awards ..... January 66
Off Peak Heat Storage Bank Put To Test for Heating, Cooling Applications ..... May 44
Onsite Energy for Electrical Power, Heating, Cooling Manufacturing Plant ..... May 232
Penn State To Hold Engineering Seminars ..... May 52
PHCIB To Expand Contractor Pro-

## ODORS, STERILIZATION, IONIZATION

Classroom Conditioning — Compare Costs for 7 Systems, by Maurice J. Wilson ..... January 176
Fight Airborne Infection 5 Ways in Pharmaceutical Lab and Plant, by Nina L. Demuth ..March 117; *June 25*
Why, When, How To Recirculate Hospital Air, by Warren Viessman ..June 115

## HEATING

Classroom Conditioning — Compare Costs for 7 Systems, by Maurice J. Wilson ..... January 176
Fight Airborne Infection 5 Ways in Pharmaceutical Lab and Plant, by Nina L. Demuth ..March 117; *June 25*
Why, When, How To Recirculate Hospital Air, by Warren Viessman ..June 115

grams .....March 42
Pipe Welding Workshop Is Highlight of UA Instructor Program .....November 152
Plant Engineering, Maintenance Show Will Examine Cost Reduction, Air Conditioning .....September 40
Pressurized Hot Water Storage Meets Diaper Laundry's Needs, by James K. Campbell .....April 96; *July* 75
Probe Distribution Problems, Selection Purchasing Influences of Building Products .....September 32
Process Water System Too Complex? Added Storage Would Be Simpler (Open for Discussion), by John S. Blossom .....*July* 75
Propose Construction of Federal Buildings .....June 40
Puerto Rican Group Asks To Join MCAA .....May 251
Reconditioned Ocean Liner Boasts Quality Conditions in Quality Spaces, by John W. Markert ....May 138
Report Compares 1955, 1964 Mechanical Engineering Enrollments and Degrees .....December 48
Report on Engineering Manpower in the U.S. .....September 34
Roof Mounted Air-Cooled Units Selected To Air Condition Windowless Manufacturing Plant, by John G. Skidmore .....January 173
Rotary Heat Recovery Unit Is Part of Building's Air Conditioning System .....April 190
Says Lighting Systems Can Supply Heat to All Occupied Zones of Building .....January 62
Seventeenth International Heating & Air Conditioning Exposition Show Guide .....January 237
Small Hospital Big on Comfort and Economy, by Frank L. Pulley ..March 91
Solving a Design Problem by Computer ....September 183; *November* 82
Structure and Services Are Mated in Biology Labs, by Norman D. Kurtz, P.E. .....May 114
Study Bldg. Design For Fire Safety .....October 48
Supervisory Control Centers: Practical Tools in Plant Operation (Open for Discussion), by Frank L. Pulley .....*July* 82
Survey Shows Engineering Faculty Salaries Up 11.7 Percent Since 1962 .....October 46
Survey Shows Engineers' Salaries Increased in Last Two Years .....February 42
Symbolic Control Seminars at IITRI .....April 44
The School Construction Systems Development Project — Interim Report .....September 25
Treatment Foils Bacterial Fouling Of New Heat Pump .....March 134
12th UA Instructor Training Program Opens at Purdue University, Aug. 15 .....June 46
University of Wisconsin Program Enables Practicing Engineer To Earn Master's Degree .....March 44
Unknown and Unlike Needs Dictate Decentralization of Shopping Center Systems, by Lewis D. Freedland .....May 133
Using Computers in System Design and Control .....May 165; *July* 75
Ventilating Ceilings — New Analytic Tools To Employ in Design, by D. R. Harper .....January 138
Westcott, Ralph, Resigns from Firm .....October 43
What an Engineer Should Know about Micrometeorology, by Willie Hammer .....May 101; *July* 78

# FUNDAMENTAL

A Claim Laid Bare; Left Hanging for All to See, (Open for Discussion), by Trevor R. Tiller .....*June* 84
A Guide to Engineering Design, by C. B. Bernstrom, P.E. .....February 107
Add Air Conditioning to Existing Hospital, by Jack W. Barrett .....October 95
Air Conditioning by the Acre, by Robert G. Ballinger .....July 96
Air Conditioning Problem: Concentric Facades, 80 Percent Glass, by F. F. Stevenson .....July 123; *September* 94
Allegheny Center: District Chilled Water to Stores, Offices, and Homes, by Lewis Smith .....July 118
All-Electric Systems Become Competitive .....November 177
Argues with Seasonal Efficiency, What Experience Has Shown (Open for Discussion), by Donald L. Sprague .....*June* 80
Borrow Electrician's Trick for Slab Piping Distribution .....November 124
Calls for Clarification on Heavy Oil Firing (Open for Discussion), by George Bastick .....*August* 84
Conference Explores Man's Environment .....April 46
Contests Data of Fuel-Energy School Study: Rejects Conclusions (Open for Discussion), by Clayton P. Hershey .....*June* 77
Control Noise of Onsite Energy Plant .....April 122
Does Insulation Pay in Electric Heating?, by A. Eugene Congress, P.E. .....February 97; *June* 77
Electric Heating Systems: How Low Must Rates Be? (Open for Discussion), by Umesh Nisargand ....*June* 86
Evaluate Heat Transmission, by C. B. Bernstrom, P.E. .....August 126
Finding Building Loads with Computer Assistance, by M. G. Gamze, L. R. Korobkin, S. S. Metti, and S. S. Tarnoff .....August 106; *November* 79
Finding Cost Feasibility of Onsite Energy Systems .....March 161
Finds Steam Condenser Theory Refreshing, Informative, Provocative (Open for Discussion), by John H. Clarke .....*October* 80
Fundamentals of Fuel Oil Firing: Guides to Success with Heavy Oils, by Alfred A. Abrahams, P.E. .....February 123
Fundamentals of Fuel Oil Firing: Improving Efficiency of Oil Heating, by Alfred A. Abrahams, P.E. .....March 122; *August* 84
Fundamentals of Fuel Oil Firing: How To Eliminate Burner Noise, by Alfred A. Abrahams, P.E. ....April 134
Hospital's New Control Center Includes Telemetering for Mile Distant Satellite, by Charles S. Eckler .....April 89; *July 82; September* 96
How Controls and Instruments Aid Economic Coal Combustion ....July 41
How NYCHA Maintains Heating Plants Serving Half a Million Persons, by William Reid .....October 116; *November* 86

What You Should Know About Mechanical Power Transmission ..... January 205
What You Should Know About Steam Traps, by John W. Welker ..... August 129; September 125; October 105
What's New in Nuclear Piping ..July 159; ..... *November* 81
Why, When, How To Recirculate Hospital Air, by Warren Viessman ..... June 115

## DISTRICT & CENTRAL

Allegheny Center: District Chilled Water to Stores, Offices, and Homes, by Lewis Smith ..... July 118
Big Government = Big Heating and Cooling ..... August 112
Design Dual Duct System To Meet Lab Needs, by D. C. Pfeiffer ..... October 131
Glass and Curtain Wall Office Buildings Use Less Steam than Those of Brick and Masonry .....November 132
Hospital's New Control Center Includes Telemetering for Mile Distant Satellite, by Charles S. Eckler .....April 89; *July 82; September* 96
How Parallel and Series Pumping Pay Off, by Stanley B. Tupper ..January 131
Repair of Alaskan Quake Damage Brings New Design Approach to Replacement of Expansion Joints, by Milton Meckler, P.E. .....January 143
Space Heating Controversy Up to Date, by Roger A. Parsons .....June 131
Test Performance of Slow-Flow Meters Used To Measure Oil Fuel Consumption .....March 40
Thermal Environment for Schools, by Robert C. Ring .....November 118

## ELECTRIC

A Claim Laid Bare; Left Hanging for All to See (Open for Discussion), by Trevor R. Tiller ..... *June* 84
All-Electric Air Conditioning Serves Canadian Office Building, by O. H. Smith .....September 120
All-Electric Systems Become Competitive .....November 177
Argues with Seasonal Efficiency, What Experience Has Shown (Open for Discussion), by Donald L. Sprague ..... *June* 80
Choose All-Electric System for Cincinnati Office Building .....May 43
Cites Experience With Heat Pumps; Industry Should Promote Greater Use (Open for Discussion), by Lester T. Avery ..... *December* 82
Contests Data of Fuel-Energy School Study: Rejects Conclusions (Open for Discussion), by Clayton P. Hershey ..... *June* 77
Does Insulation Pay in Electric Heating?, by A. Eugene Congress, P.E. .....February 97; *June* 77
Dutch Air Conditioning on Display, by P. J. van der Veen and M. W. de Wever .....May 97; *July* 78
Electric Heat Pump Provides Heating, Cooling for 121,500 Sq Ft Plant-Office .....March 46
Electric Heat Pumps — Today and Tomorrow, by Russell Gray ..... .....September 129; *December* 82
Electric Heating, Cooling Handbook .....November 47
Electric Heating Systems: How Low Must Rates Be? (Open for Discussion), by Umesh Nisargand ....*June* 86
Integrated Lighting-Heating-Cooling System Serves Southern Office Building .....December 254
Nomographs Aid Selection of Hot Water Heating Coils, by Frederick Beck .....January 183
Off Peak Heat Storage Bank Put to Test for Heating, Cooling Applications .....May 44
Piping Seawater for Marine Exhibits, by Marvin Brodeen .....July 99
Precision Operations Require 24 Hr Air Conditioning At Electronics Plant, by Roger P. Wilson ..... .....November 141
Roof Mounted Air-Cooled Units Selected To Air Condition Windowless Manufacturing Plant, by John G. Skidmore .....January 173
Says Lighting Systems Can Supply Heat to All Occupied Zones of Building .....January 62
Space Heating Controversy Up to Date, by Roger A. Parsons .....June 131
Thermal Environment for Schools, by Robert C. Ring .....November 118
Turns Tables: Can You Afford Not To Insulate Schools? (Open for Discussion), by J. F. Knestis ..*June* 82
Wisconsin High School Heats Itself Through First Winter, by Walter Ratai .....January 150

## HOT WATER

ADC Lab Certification Backstops Test Code, by Ralph G. Nevins ....March 108
ASHRAE Forum Shows Interest High in Recirculation of Air in Hospitals .....March 42
Air Conditioning Design for a High-Rise Apartment, by Irving Kleinman, P.E. .....February 112
Air Conditioning Problem: Concentric Facades, 80 Percent Glass, by F. F. Stevenson July 123; *September* 94
Airborne Contaminants, Exhaust Systems To Be Covered at Ventilation Conference .....March 48
Borrow Electrician's Trick for Slab Piping Distribution .....November 124
Careful Design, Testing Mark New Church's Radiant Panel Heating, by Samuel Ussia, P.E. .....August 101
Central Heating-Cooling Plant Serves Commercial Development Area ..... .....March 208
Choice of Joints or Loops Depends on System Pressure, by Theodore E. Bridge .....December 85
Choose All-Electric System for Cincinnati Office Building .....May 43
Choose Dual Duct System To Serve Office Building with Glass Curtain Walls, by F. G. Chamont ..February 102
Classroom Conditioning — Compare Costs for 7 Systems, by Maurice J. Wilson .....January 176
Cold Bending Simplifies School's Piping Installation .....January 336

## INDUSTRIAL BUILDINGS

AACC Features Many-Sided Program on Contamination Control ....August 128
Air Condition 52 Story Space Vehicle Building with 10,000 Tons of Refrigeration .....October 44
Air Conditioning by the Acre, by Robert G. Ballinger .....July 96
Breathing Walls for Air Starved Plants, by H. P. Kaulfuss ..... .....March 105; *May 87; July* 84
Closed Cooling Tower System Placed in Operation in Water-Scarce West Pakistan .....July 48
Control of Contamination at Source Is Goal of Industrial Hygiene Engineer .....July 42
Control Noise of Onsite Energy Plant .....April 122
Design Water Cooling System for Uninterrupted Service to Laboratory Equipment, by Marvin N. Birken .....August 99
Direct-Fired, Ductless System Heats New Metalworking Plant ..September 157
Electric Heat Pumps — Today and Tomorrow, by Russell Gray ..... .....September 129; *December* 82
Fight Airborne Infection 5 Ways in Pharmaceutical Lab and Plant, by Nina L. Demuth ..March 117; *June* 85
Filters for Clean Room Service, by James C. Little .....September 142
Giant Gate Valves Protect Cold Reheat Steam Piping .....October 212
Guitar Maker Burns Wood Waste To Heat Plant, by Alex J. Weiss ..July 91
How To Employ Chemical Cleaning for Power and Process Piping, by Charles M. Loucks, PhD .....June 104
How To Use ASTM Specs for Better Piping Design, by Helmut Thielsch ..... September 113; October 121; ..... November 110
Increasing Mass Flow Aids Ship's Effluent Disposal (Open for Dis-

cussion), by R. Peaslee Dumont .... *September* 87
Integrated Refrigeration Systems Satisfy People and Process Needs, by Robert C. Dannenberg ....February 87
Local Exhaust Solves Soldering Room Fume Removal, by Herbert Chase, M.E. .....May 135
Looking Back, by F. F. Stevenson .... February 110
Makeup Air To Help Increase Operating Efficiency of Foundry's Exhaust System .....July 46
Multitesting of Laminar Flow Clean Rooms, by James C. Little ..... October 133; *November* 86
Onsite Energy for Electrical Power, Heating, Cooling Manufacturing Plant .....May 232
Precision Operations Require 24 Hr Air Conditioning at Electronics Plant, by Roger P. Wilson ..... November 141
Pressurization Provides Odor Containment in Flavor Research Labs, by Mario A. Gerola .....November 106
Provide Year 'Round Air Conditioning for Single Story, 11 Acre Mfg. Plant .....October 48
Resourceful Engineering, Heads-Up Operation Guarantee Efficient Support of Brewer's Art .....April 112
Roof Mounted Air-Cooled Units Selected To Air Condition Windowless Manufacturing Plant, by John G. Skidmore .....January 173
Rubber Duct Provides Vital Link in Space Vehicle's Cleaning System .... July 44
Selecting a Frame for "Super" Filters, by James C. Little .....November 149
Solve Brewery's Loading Dock Heating Problem .....December 164
Supervisory Control Centers: Practical Tools in Plant Operation (Open for Discussion), by Frank L. Pulley .....*July* 82
Wall Heaters Selected for Too High a Face Velocity? (Open for Discussion), by John H. Clarke ....*July* 84
Wall Heaters Won't Eliminate Negative Pressure Effects (Open for Discussion), by George M. Hama ..... *August* 82

# INSTITUTIONAL & PUBLIC BUILDINGS

## CHURCHES

Careful Design, Testing Mark New Church's Radiant Panel Heating, by Samuel Ussia, P.E. .....August 101
Chilled Water Storage, by Earl Meyers .....March 113; *May* 88

## HOSPITALS

Add Air Conditioning to Existing Hospital, by Jack W. Barrett ..... October 95
Ball Valves Serve Main Steam and Branch Lines in Hospital's 40 Bldg. Complex .....November 48
Conditioned Iowa Hospital Compared with Michigan Jobs (Open for Discussion), by Anton Krapek ....*April* 84
Hospital's New Control Center Includes Telemetering for Mile Distant Satellite, by Charles S. Eckler .....April 89; *July 82; September* 96
How To Pipe Medical Gases For Hyperbaric Facilities, by D. A. McWhinnie, Jr. .....March 99
Small Hospital Big on Comfort and Economy, by Frank L. Pulley ..... March 91; *April* 84
Supervisory Control Centers; Practical Tools in Plant Operation (Open for Discussion), by Frank L. Pulley .....*July* 82
Why, When, How To Recirculate Hospital Air, by Warren Viessman .... June 15

## SCHOOLS

Air Conditioned School Is Hawaii's First, by Frederick Kohloss ..... June '64, 116; *January* 124
Borrow Electrician's Trick for Slab Piping Distribution .....November 124
Classroom Conditioning — Compare Costs for 7 Systems, by Maurice J. Wilson .....January 176
Cold Bending Simplifies School's Piping Installation .....January 336
Design Dual Duct System To Meet Lab Needs, by D. C. Pfeiffer ..... October 131
Design Variable Volume Dual Duct Systems for Twin Compact Schools, by Morton Wood, Jr. .....December 104
District Cooling Cuts Costs for Expanding College Campus, by E. W. Riehl and A. L. Palmer .....June 124
Does Insulation Pay in Electric Heating?, by A. Eugene Congress, P.E. .....February 97; *June* 77
Electric Heat Pumps — Today and Tomorrow, by Russell Gray ..... September 129; *December* 82
Finding Cost Feasibility of Onsite Energy Systems .....March 161
Finds Food for Thought in Story of Hawaii's First Conditioned School (Open for Discussion), by Lester T. Avery .....*January* 124
Structure and Services Are Mated in Biology Labs, by Norman D. Kurtz, P.E. .....May 114
